

## Saint John School

January 2012

Dear St. John School families,

**Blackboard Connect** is our school-to-parent/guardian telephone communication system that allows me to send periodic and personalized messages to you.

With **Blackboard Connect**, we will be able to deliver important school information in a timely manner to all our parents/guardians. **Blackboard Connect** also supports my ability to reach you immediately in the event of an emergency.

Messages will be sent to notify you about important events, such as:

Parent/Guardian-Teacher conferences, Committee meetings, back-to-school nights, early release days, snow days, fund-raisers, etc.

There are many exciting activities here at St. John School and I look forward to keeping you informed through the **Blackboard Connect** communication system.

Each year we update our system, please provide (2) phone numbers at which you can be reached. Please put these numbers in order of priority that is, put first the number which you would like called first.

You are welcome to print and complete the form below and return the form to Mrs. Vinnie DeLeo. Should you change telephone numbers, please complete a form in order for the office to update your information within the communication system, thank you.

*Sr. Eileen Harvey*, CSJ

Principal
